

Software Solutions to Bridge Gaps in Your Organization

Does your company need some help to bridge the gaps between your IT solutions and customers? Are there things that you wish existed but can't find or would just work?

If so, let's talk.

We're Logistics Technology HQ, a technology company built by logistics people. Our team has over 50 years of combined experience solving these types of issues. We have created and continue to create new widgets and applications to solve your daily technical problems.

Our software products

- Bridge gaps between systems
- Extend functionality of major TMS solutions
- Solve you and your customer's technical problems

How we help

- Delivering tracking tools
- Creating customer service tools
- Installing reporting and data fusion tools
- Solving the problems you thought were unsolvable

Who we are

- A team of logistics and IT pros
- Experts in bridging technology silos
- Listeners and doers who develop solutions based on your needs and abilities

If you're ready for your technology to start working for your organization, you're ready to work with us. Reach out today and let's get started.
